CINEMAS**

THE DRIVE IN CONCEPT

As an agile Drive-In Cinema company we are ready anytime: regardless of weather conditions or location, a Drive-In Cinema can pop up no matter what the season. The early sunsets in winter and autumn make perfect nights for having several film sessions possible throughout the evening.

As a special event, a mobile Drive-In Cinema erected for just a few days in an 'out-of-the-ordinary place' is an event that you just can't miss. Captivating viewers with the larger than life screens and a grandiose scale that you don't get with a traditional cinema experience, making an evening at the Drive-In Cinema an event you'll never forget.

MASTERS IN TECHNOLOGY

Our Drive-In and Open-Air Cinemas are completely mobile and portable, meaning almost any venue and location can be used for your cinema event. With a low environmental impact Drive-In and Open-Air Cinemas can transform your space into an amazing and incredible experience.

- FM Radio Transmission
- Radio Data System (RDS) Audio
- Encoding
- PA Speakers

SAFE ENTERTAINMENT

The past year has been tough for all our family, culture and communities. However the current climate of Outdoor Cinema looks bright as we enter new avenues.

Be Productions have been successful in providing COVID-19 safe events, Drive-In Cinemas have proven to be one of the most COVID-19 safe forms of entertainment experiences. Recent clients have included Moonlight Cinema, Sunset Cinema and local councils like Ku-Ring-Gai, Queanbeyan, Oberon, Wingecarribee, Narrandera, Wollongong, Canada Bay, Parramatta and Ryde.

Accomplishing these events during the COVID-19 pandemic restrictions was no small task. With a proven track record and innovation, Be Productions consistently provides our clients with a first class level of safe family entertainment. With the allowance of 100% of patrons in seated capacity if ticketed and seated, Drive-In and Open-Air Cinemas are the perfect COVID-19 Safe event. The Be Productions team and staff follow strict COVID-19 Safety Plans and guidelines including patron check-in, temperature checks, physical distancing, square meter rules, face masks, sanitization, hygiene and cleaning

VENDORS & **FOOD TRUCKS**

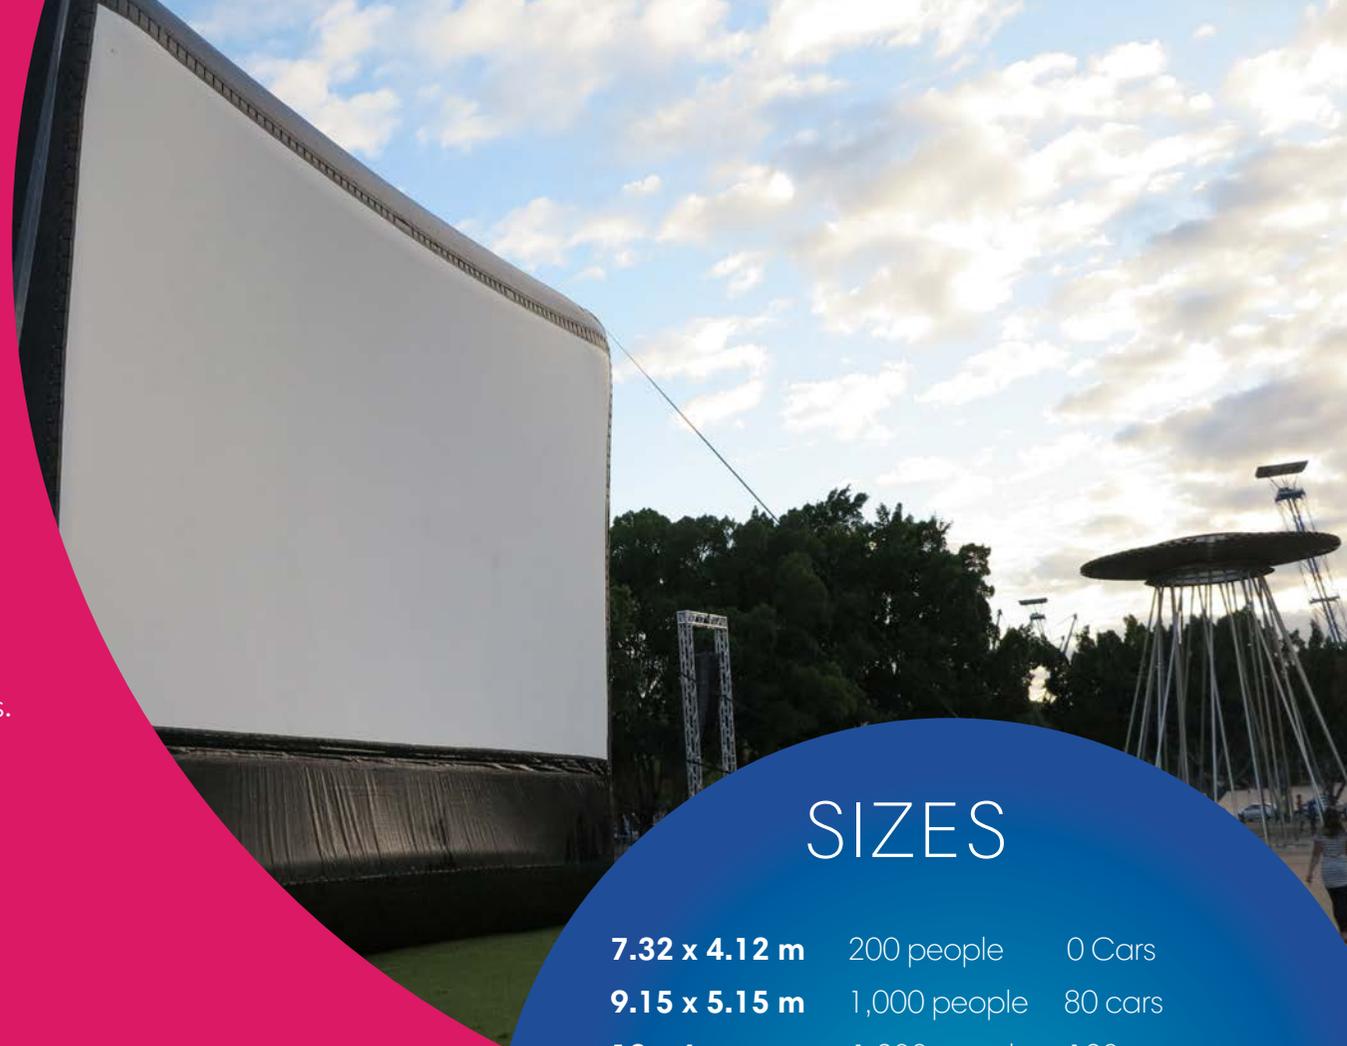

Ordering has never been more safe and efficient. Web based apps like 'Mr Yum' can provide your venue with a QR code mobile ordering system complete with delivery and pick-up options. 'Mr Yum' is completely web-based, meaning there's no app for your customers to download, just scan a QR code and get taken to a web page. 'Mr Yum' has been thoughtfully designed for hospitality and entertainment, it's a frictionless experience for your customers and team.

THE AIRSCREEN

AIRSCREEN® are the World's Leading Portable Outdoor Movie Screens. They entertain audiences under the stars in over 125 countries. From 4m to 24m wide, every AIRSCREEN® projection screen puts on a big show.

We have a tremendous portfolio of different screen sizes in stock to enable us to realise the most extraordinary projects. The screen size should always be adapted to the location and be sufficient for the desired capacity of spectators.
